

Conflict Minerals Statement

T & A Precision Grinding Co. Limited is aware of the obligations under section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (Dodd-Frank) placed upon companies having statutory reporting requirements to the US Securities & Exchange Commission (SEC).

This legislation intends to identify and ultimately discourage the use of minerals mined in conflict zones, especially the Democratic Republic of the Congo (DRC) and adjacent countries.

T & A Precision Grinding Co. Limited and its legal entities are not reporting entities under the scope of Dodd-Frank. Notwithstanding, we follow closely the rulemaking process consequent upon this legislation, and are committed to sustainable supply chain initiatives. Among other things, these initiatives will facilitate T & A Precision Grinding's support of its customers that themselves have reporting obligations under the Dodd-Frank scope. While the implementing regulations are still under development by the SEC, kindly note that T & A Precision Grinding neither sources nor uses any minerals or their derivatives covered by the Dodd-Frank legislation.

For and on behalf of T & A Precision Grinding Co Limited.

Andrew Oates

Director

Precision Silver Steel Manufacturers
